To: Licensees of Tivoli Decision Support for z/OS, Base
Subject: Program Number 5698-A07 Release 07, Modification Level 00
Features 5802 (English) and 5822 (Kanji)

The material you have received is listed on the enclosed Packing List. Please review the Packing List to ensure you have received all items listed.

If there are any discrepancies between the package contents and the Packing List, please report these via the Software Delivery Report which is enclosed for your convenience.

Attached to this memorandum:

• Summary of Changes
• List of Program Material
• Statement of Program Support
• Ordering Information for Basic Material
• Ordering Information for Optional Material
• Customer Satisfaction Survey Contact Information

Please refer to the attachment(s) for further description.

IBM Software Manufacturing Solutions
Summary of Changes

This modification level includes the following changes and additions:

- Corrections to problems in the previous release. APARs corrected are listed in the *Program Directory*.
- More additions and changes to support current releases of supported products are listed in the memorandum relating to the appropriate Tivoli Decision Support for z/OS feature.
- Enhanced MVS, MVS Performance Management, and TCP/IP components to support z/OS 1.5.
- The DB2, MVS, and MVS Performance Management components have been divided into subcomponents.
- The MVS Interval Job/Step Accounting component has been added.
- New reports and data tables.
- Enhancements to the Log Collector.
- The following publication has been updated for Release 07, Modification Level 00 (English):
  - SH19-6816-09 *Tivoli Decision Support for z/OS Administration Guide*
- The following publication has been updated for Release 07, Modification Level 00 (Kanji):
  - SH88-6034-06 *Tivoli Decision Support for z/OS Administration Guide*
List of Program Material

The following material is being provided with this modification level:

1. Basic Machine Readable Material (MRM) tape (or cartridge) consisting of a complete replacement of the basic MRM for the previous modification level.

2. 5698-A07 Tivoli Decision Support for z/OS Release 07, Modification Level 00 *Program Directory*.

3. Updated publications as listed under ‘Summary of Changes’ on the previous page.
Statement of Program Support

This program will be maintained through the distribution of Program Temporary Fixes (PTFs). PTFs contain object modules and macro source, as appropriate, and are made available to the user according to normal IBM PTF distribution procedure.

Tivoli Decision Support for z/OS is classified as a Licensed Program (LP). This licensed program is available without source licensed program material. It is available only in object form.

Program Services for Tivoli Decision Support for z/OS Release 07, Modification Level 00 will be available until discontinued by IBM upon six months’ written notice under terms and conditions of the Agreement for IBM Licensed Programs. Contact your IBM Marketing Representative of Customer Support Center for further information concerning available program services.
Ordering Information for Basic Material

Tivoli Decision Support for z/OS dependent features of the previous modification level cannot be installed together with this level of Tivoli Decision Support for z/OS. Thus if you have any Tivoli Decision Support for z/OS features of the previous modification level installed, you must reorder these features for Release 07, Modification Level 00.
Ordering Information for Optional Material

Tivoli Decision Support for z/OS, Release 7.0, is expected to be available shortly as part of the MVS Custom-Built Product Delivery Option (MVS CBPDO - Program Number 5751-CS3).

For more information about MVS CBPDO and MVS CBIPO, please refer to the following publications:

Ordering information for MVS CBPDO (5751-CS3) and MVS CBIPO (5751-CS1) is available via the MVS CBPDO Order Checklist and the MVS CBIPO Order Checklist in HONE/SWORDERINFO.

If you wish to receive Tivoli Decision Support for z/OS, release 7.0 separately, it can be ordered by specifying:
- Program number: 5698-A07
- Feature code: 5802 (English) and 5822 (Kanji)

Two situations exist:
- You already have the requested feature code (one of those referred to above) in your software profile. In this case Tivoli Decision Support for z/OS, release 7.0, can be ordered by your IBM representative using the Refresh Information and Supply Tool (RIAS) under HONE.
- You do not have the requested feature code in your EPLF profile. In this case an order must be placed into the IBM administrative system for the applicable feature code.

Please contact your IBM representative for ordering this new release and for any further information required.
Customer Satisfaction Survey Contact Information

**Note:** Please send us, the Tivoli Decision Support for z/OS Development Laboratory, the name of a contact person for Tivoli Decision Support for z/OS, for example your Tivoli Decision Support for z/OS administrator, and details of how we can contact him/her. Fill in the form (see next page) and return it to us by mail, fax, or electronic mail. This will allow us to have direct communication for mutual benefit.

We look forward to hearing from you.
Please provide this contact information for your Tivoli Decision Support for z/OS person:
