

All customers with AS/400e, iSeries, or eServer i5 systems which use selected AT&T Global Network Services (AGNS) connection numbers for the Netherlands must change their ECS and Service Agent connection numbers. Following is the list of new numbers which must be used:

NL	Netherlands	Nationwide	06760-28800	Nationwide Primary
NL	Netherlands	Nationwide	06760-28811	Nationwide Secondary
NL	Netherlands	Nationwide	0114-880099	NL South Backup (Long Distance)
NL	Netherlands	Nationwide	0222-887800	NL North Backup (Long Distance)
NL	Netherlands	Nationwide	0800-3425288	Nationwide Toll free (access restricted)

IMPORTANT NOTE: Please insert any necessary characters needed to obtain an outside line, pause while dialing, etc.

To change the connection numbers for ECS and Service Agent, use both of the commands listed for the appropriate Operating System release:

V5R3 i5/OS

1. CHGSRVCFG CNNTYPE(*PTP) PTPTYPE(*LOCAL) SERVICE(*ECS)
TELNBR1(*primary connection number*) TELNBR2(*secondary connection number*)
2. CHGSRVCFG CNNTYPE(*PTP) PTPTYPE(*LOCAL)
SERVICE(*SRVAGT) TELNBR1(*primary connection number*)
TELNBR2(*secondary connection number*)

V5R2 or V5R1

1. CHGSRVCFG CNNTYPE(*PTP) SERVICE(*ECS) TELNBR1(*primary connection number*) TELNBR2(*secondary connection number*)
2. CHGSRVCFG CNNTYPE(*PTP) SERVICE(*SRVAGT) TELNBR1(*primary connection number*) TELNBR2(*secondary connection number*)
